

Monroe County, IN Highlights

Introduction

The first edition of the *County Highlights* was published in 1993. Lillian Miles, then Labor Market Analyst for the Gary Primary Metropolitan Statistical Area, originated the idea for this descriptive area publication.

Highlights are now a web publication and, as a result, the data can be updated throughout the year, not just on an annual basis. These *Highlights* are available in easy-to-use web format but are also printable and e-mailable and provide a snapshot of critical population and workforce statistics for each of Indiana's 92 counties, 11 Economic Growth Regions, and the State of Indiana.

Each *Highlights* includes an overview of the demographics and workforce of an area, from its population to the size of its labor force and the industry mix of jobs and wages.

Do not hesitate to contact your regional analyst, Kim Stevenson (812) 234-6602 x327, if you need further information about your area.

Location

Monroe County is located in south central Indiana. The county is bordered on the south by Lawrence County. Brown and Jackson Counties are adjacent to Monroe County on the east, Morgan County to the north, and Owen and Greene Counties to the west. Monroe County is one of the eight counties located in the area designated by the Indiana Department of Workforce Development as Economic Growth Region 8. Monroe County along with Greene and Owen Counties in Indiana are part of the Bloomington Metropolitan Statistical Area.
